Featuring not one, but two days behind the misty gates of Machu Picchu, this below-the-equator tour takes you high into the Andes and deeper inside the Lost City of the Incas to unearth its centuries-old secrets. Navigating the cryptic maze of trails, temples, and terraces in the world's most famous forgotten city is one for the memory books. Other great finds on this tantalizing tour of Peru? Up-close encounters with llamas, alpacas, and other Sacred Valley locals; vibrant, handwoven textiles in the former Inca Empire capital of Cusco; bold, multicultural cuisine in the foodie capital of Lima; and a warm welcome inside a traditional family home for an authentic taste of Peruvian hospitality. There's more to squawk about when you combine the wonder of the Andes with the wilderness of the Amazon. Canopy walks, canoe rides, and higher speed motorboat jaunts offer varying perspectives of the macaws, monkeys, and myriad of other rainforest creatures you'll discover when you start your tour of Peru in the Amazon. When satisfying your inner historian, don't forget your inner naturalist. Cruise around the famed Galapagos archipelago, where you'll share the shores with every native species from the blue-footed boobies to the pint-size penguin. A meet-and-greet with a colony of sea lions seals the deal on this wondrous extension to your Peru vacation.

Head into the Sacred Valley of the Incas and visit the semi-circular Kenko Amphitheater with its stone altars and labyrinth of passages and see the ancient site of Puca Pucara. Also in the Sacred Valley, experience an El Pago a la Tierra, or Mother Earth Ceremony, performed by a local shaman. This is your chance to get up close to the various camelids, including alpaca, llama, guanaco, and vicuña, indigenous to the region. Continue to Pisac, an old mountain village, where you will have free time to shop for local wares, such as alpaca sweater and blankets, jewelry, or hand-painted ornamental dishes and vases at its famous market. Day 12: Fri, Nov 28 — CUSCO. On your guided sightseeing tour of Cusco today, learn more about the Inca and Spanish influence. Begin at the heart of Cusco in the Plaza de Armas (main square), with a visit to the imposing Cathedral, where construction began in 1550 and was finally completed 100 years later. Join a traditional pasacalle through the streets of Cusco before continuing to Koricancha and the Santo Domingo Monastery and see how the two sites have become one. The Temple of the Sun at Koricancha was once the most important Inca site, dedicated to the worship of the Sun. The walls, altars, and decorations were all said to be covered in gold — until the Spaniards looted the temple and then build the contrasting Baroque Santo Domingo Monastery on top of the temple's foundations. Also visit the Temple of Sacsayhuaman, perched on a hillside overlooking Cusco. It remains unfathomable how and when this fortress of gigantic stones — with some blocks weighing more than 350 tons — was built. This evening, your Tour Director hosts a festive Farewell Dinner at a local restaurant. (B, D)

Day 16: Tue, Dec 02 — CRUISING: GENOVESA ISLAND. Your Naturalist takes you up Prince Philip's Steps, where you will see large nesting colonies of Nazca and red-footed boobies, as well as many other fascinating feathered locals. At the tidal lagoon you may also see the rarest gull in the world, the endemic lava gull. (B, L, D)

Day 17: Wed, Dec 03 — CRUISING: SOUTH PLAZA AND SANTA FÉ ISLANDS. On South Plaza Island, take a walk through an impressive cactus forest populated with land and marine iguanas. Due to the proximity of land iguanas and marine iguanas here, this is the only place on Earth where you will find the Galapagos hybrid iguana. From the summit, watch for tropic birds, Nazca and blue-footed boobies, and swallow-tailed gulls. On Santa Fé, a large sea lion colony greets you on its white-sand beach. Walk through a cactus forest in search of the endemic Santa Fé land iguana, the largest in the islands. This island is home to a number of endemic species, including the Galapagos hawk, Galapagos snake, a variety of finches, and one of the four species of Galapagos mockingbirds.
