It has been called the clearest lake in the world. Take in the view from the **Observatory**. Next visit **Mt. Io**. Known for erupting liquid sulfur in the eruptions of 1889 and 1936, Mt. Io literally means "sulfur mountain." Lastly, visit **Kussharo Lake (Sunayu)**, a caldera lake in Akan National Park. As with many geographic names in Hokkaido, the name derives from the Ainu language. It is the largest caldera lake in Japan in terms of surface area, and 6<sup>th</sup> largest lake in Japan. It is also the largest lake in Japan to freeze over completely in winter. Arrive in Abashiri. This evening enjoy a buffet dinner at the hotel. Adjacent to the **Kitami Mint Museum** stands the Mint Distillation House where you can enjoy the aroma of freshly made mint. Then explore **Higashimokoto**, a park in Hokkaido that is famous for its beautiful "carpets" of shibazakura (moss phlox). Moss phlox is called "shibazakura" in Japanese, meaning "grass cherry blossoms" because it is like little cherry blossoms blooming on the ground. Shibazakura has variety of colors including light pink, red, light purple, and white. After lunch, visit the **Okhotsk Drift Ice Museum**. Then the **Abashiri Prison Museum**. You may still see snow from the top of the ropeway! Next, view the **Ginga Ryusei Waterfall**. The word "ginga" means "the Milky Way" and the word "ryusei" means "a shooting star." View the panoramic flower gardens of **Shikisai-no-Okka**, which provide spectacular views across the hills of the Biei. The farmers of Biei alternate their crop each year, in order to maximize the nutrients in the soil, causing their fields to change in appearance each year, like a patchwork blanket, hence the name, **Patchwork Hills**. The **Sevenstar Tree** is an iconic oak tree that gained fame in 1976 when its image graced the packaging of the popular cigarette brand, Sevenstar. While the **Ken and Mary Tree** became popular in 1972 when it was used in a commercial
