**11 Days • 13 Meals:** 8 Breakfasts, 5 Dinners

**HIGHLIGHTS...** Reykjavík, Northern Lights Cruise, Search for the Northern Lights, Golden Circle, Thingvellir National Park, Lava Exhibition Center, Vík, Jökulsárlón Glacier Lagoon, Blue Lagoon

#### ITINERARY AT A GLANCE

Days 1, 2	Overnight Flight
Days 3, 4	Centerhotel Plaza, Reykjavik
Days 5 – 7	Hotel Dyrholaey, Vík
Days 8, 9	Centerhotel Plaza, Reykjavik
Day 10	Radisson Hotel Seattle Airport, Seattle, Washington

*On some dates alternate hotels may be used.*

#### **Day 1: Wednesday, January 19, 2028 Depart Honolulu -**

**Overnight Flight** You're on your way to Iceland, a land and culture forged by fire and ice — where steaming lava fields and massive glaciers sculpt mountains and valleys, leaving thundering waterfalls and plunging fjords. In this land of many natural wonders, enjoy the rare opportunity to search for the aurora borealis, one of nature's most dazzling light displays, also known as the northern lights.\*

**Day 2: Thursday, January 20, 2028 Overnight Flight** Continue your journey to Reykjavik

**Day 3: Friday, January 21, 2028 Arrive Reykjavík, Iceland - Tour Begins** Your tour opens today in Iceland's capital city, Reykjavik. Enjoy time to get to know the place where your journey begins. Hotel rooms will be available at regular check-in time.

**Day 4: Saturday, January 22, 2028 Reykjavík** This afternoon, get acquainted with Old Town Reykjavík on a walking tour with a local guide to see the vibrant harbor, City Hall, the Parliament building, and the iconic Harpa Concert Hall with its stunning geometric glass façade. Gather with your fellow travelers at a popular restaurant for dinner featuring Icelandic cuisine. This evening, take an adventurous northern lights cruise\*\* and sail into the darkness of Faxaflói Bay in search of the aurora borealis.\* (B, D)

**Day 5: Sunday, January 23, 2028 Reykjavík - Golden Circle - Vík** Travel the Golden Circle to see Geysir, the double-cascade Gullfoss Waterfall, and Thingvellir National Park, where you can stand on the crest of the Mid-Atlantic Ridge. In the afternoon, visit the Lava Exhibition Center before continuing to Seljalandsfoss — a rushing waterfall you may walk behind for a unique inside-out view. Continue to Vík and begin three nights of aurora borealis searches in the countryside to increase your likelihood of seeing these elusive lights.\* (B, D)

**Day 6: Monday, January 24, 2028 Vík - Reynisfjara - Vík** Begin your day with a journey to Reynisfjara, the volcanic black-sand beach famous for its basalt columns and rugged sea stacks just offshore. Connect with the resilient spirit of Iceland at the Skógar Museum, where its farm, domestic artifacts, and preserved turf-built houses bring rural Iceland to life. Afterward, stand in awe before the impressive Skógafoss Waterfall, one of Iceland's biggest and most beautiful waterfalls. Cap off your day with a visit to Sólheimajökull Glacier, Iceland's fourth-largest glacier. After dinner, gaze at the sky in search of the northern lights.\* (B, D)

**Day 7: Tuesday, January 25, 2028 Vík - Jökulsárlón Glacier Lagoon - Vík** This morning, embark on a spectacular journey east along the coast to the world-famous Jökulsárlón Glacier Lagoon. Witness the breathtaking sight of an iceberg calving from a glacier and floating serenely towards the Atlantic Ocean. Keep an eye out for seals swimming in cold waters. Explore the "Diamond Beach," where ice sculptures from the lagoon wash ashore and glitter brilliantly against the stark black sand. After soaking in this unforgettable landscape, return to Vík. Following dinner, continue searching for the northern lights dancing across the night sky.\* (B, D)

**Day 8: Wednesday, January 26, 2028 Vík - Blue Lagoon - Reykjavík** Drive along the south shore towards the Reykjanes Peninsula. Known for its rugged landscape, lava fields, and numerous hot springs, the peninsula is home to the Blue Lagoon. Take a dip in the warm, mineral-rich waters of the geothermal pool, located in the heart of a dramatic lava field. Return to Reykjavik for your farewell dinner and overnight stay. (B, D)

**Day 9: Thursday, January 27, 2028 Reykjavík** Take advantage of seeing more on your own. (B)

**Day 10: Friday, January 28, 2028 Reykjavík** Fly from Reykjavik to Seattle where you will spend the night before you continue your journey home.

**Day 11: Saturday, January 29, 2028 Seattle – Honolulu - Tour Ends** Arrive home with many wonderful memories. (B)

Your price is not subject to increase after the deposit is received and booking confirmed, except for charges resulting from increases in government-imposed taxes or fees. **(See registration form for consent.)**

### Important Tour Information:

**Book Now rates valid until May 29, 2026 valid on air inclusive packages only.**

**The overall activity level of this tour is a level 3.** This means you're an on-the-go traveler. You don't want to miss a thing, so walking and standing for longer periods of time (2-3 hours) isn't a big deal. A moderately paced two-and-a-half-hour walking tour, covering several miles, hills, and uneven surfaces, is no problem for you. Walking four miles over the course of a day is very doable, as is climbing into and out of various modes of transportation (tuk-tuk, cable car, zodiac, etc.). You can climb three flights of stairs easily and handle altitudes between 6,000 and 9,000 feet. Expect some longer days with early mornings or late nights balanced with free time to recharge or set out on your own adventure. This level is not a fit for travelers who require mobility assistance devices.

### Travel with an average of 37 people (maximum of 44).

Searching for the northern lights is an active pursuit. You must be prepared for nighttime excursions in cold, dark, and sometimes icy conditions. You must be sure-footed and able to navigate uneven, slippery, and snow-covered terrain in darkness. While you are searching for the northern lights, you will be walking and waiting outdoors.

Specific activities, like walking *behind* Seljalandsfoss Waterfall or exploring Reynisfjara Beach, require sure-footedness and a good level of mobility.

If you require any special assistance while on tour, please make us aware at time of reservation so the necessary request form can be sent to your attention.

This tour takes place in the winter. You can expect varied weather conditions with brisk days and limited daylight. Icelandic weather is famously dynamic, and you will experience a true Arctic winter. Expect temperatures at or below freezing, strong winds, and rapidly changing conditions that may include snow, sleet, and rain. Daylight hours in Iceland decrease significantly throughout the season, with approximately 8-11 hours of daylight in October, 5-7 hours in November, and as little as 4-5 hours in December and January, gradually increasing to 7-10 hours by

March and April. Sunrise occurs later in the morning, and sunset comes early in the afternoon which may impact sightseeing schedules and overall pacing of the day.

Most natural sites, such as waterfalls, beaches, and lava fields, require walking on unpaved, uneven surfaces that are slippery from ice and rain.

This is a physically active tour with a brisk pace. You should be prepared for full days and be comfortable with a significant amount of walking and standing on uneven, natural terrain. This includes navigating slippery paths near waterfalls, walking on rocky, black sandy beaches, and traversing trails at geysers and glacial lagoons.

We seek to best utilize your time while on tour; to account for the potential for adverse weather, some activities or days may need to be altered, shifted, or cancelled. In addition, museum visits and shopping may be affected by observance of religious or local holidays.

The northern lights cruise departs from the port usually at 9:00 p.m. and finishes after 11:00 p.m.

Due to long-distance travel to the Jökulsárlón Glacial Lagoon, you may expect free time after 1:00 p.m. for lunch on your own.

**\*\*The northern lights cruise is weather-dependent and may be postponed or cancelled in the event of adverse weather or sea conditions.**

**\*The northern lights are in the Northern Hemisphere from September through April and are only visible when the sky is clear and free of clouds. As this tour is weather-dependent, sightings of the northern lights are not guaranteed.**

Single accommodations are limited and are available on a first-come, first-served basis. Single rate subject to change based on availability.

Coaches, which may not be lavatory equipped, may be used on this tour. In this case, stops are made during travel periods. Due to the remoteness of the sites we visit, the travel time between restrooms may be up to 2 hours.
