You lead an active life at home (walking, biking, and half or full day hikes are things you may enjoy) and 10,000 steps a day is normal for you. You can handle longer walking tours (more than 3 hours covering 3+ miles at a steady clip) and activities that involve traversing uneven terrain, steep slopes, standing for periods of time, and varying altitudes and temperatures. You don't mind being on the go with some early starts, late nights, and full days. You can handle altitudes of 9,000 feet or higher with little to no issue. This level is not appropriate for travelers who use wheelchairs, walkers, and other mobility assistance devices.

Travel with an average of 18 people (maximum of 23).

For the safety and well-being of our travelers, children under the age of 13 will not be allowed to join us on this tour. Contact us with any questions at the time of booking.

This tour doesn't involve extensive walking. Be prepared for long days in safari vehicles over bumpy and dusty roads with limited restroom access. You will frequently need to climb in and out of safari vehicles throughout the tour.
